Authorization for this examiner's amendment was given in a telephone interview with Harvey Cohen on March 23, 2005.

On line 4 in paragraph number 0001 in the specification, the word "continuation" was changed to --division--.

On line 2 of claim 1, the phrase "at least one active hematinic species (AHS)" was changed to --at least one dried active hematinic species (AHS) being substantially free of excipients and being--.

On line 1 of claims 17 and 18, the word "solution" was changed to --composition--.

On line 5 of claim 32, the phrase --in powder form-- was inserted after the word "mixture".

2. The following is an examiner's statement of reasons for allowance: Application serial no. 10/600,173 is being allowed in view of the appropriately filed terminal disclaimer received on February 25, 2005, and in view of the persuasive declaration filed under 37 CFR 1.132 on February 25, 2005 documenting that the reference to Lehmann (US Patent no. 6,372,715) only discloses commercially available hematinic products that cannot be lyophilized or dried sufficiently to a powder since the impurities therein cause a sludge to form.
